Nutrition information is based upon standard recipes. Variations may occur due to differences in suppliers, customized ordering, and product preparation at the restaurant. Test products or regional items may not be included and may not be available in all areas. All items are prepared in common areas and may contain trace amounts of ingredients contained in other products. A 2,000 calorie daily diet is used as the basis for general nutrition advice. However, individual caloric needs may vary. Visit [www.mypyramid.gov](http://www.mypyramid.gov) for more information. Recommended limits for a 2,000 calorie diet are 20 grams of saturated fat and 2,300 mg of sodium.

Guest satisfaction and safety is our most valued priority. We prepare and use food ingredients containing all 8 major allergens in our restaurant kitchens. Although measures are taken to prevent cross contact, as a bakery/restaurant, there is possibility of food touching, allergens like wheat becoming airborne or common equipment being utilized to handle foods containing any of the major allergens. If you have an allergen concern of any type, please openly discuss your needs with your server to fully understand all the facts you need to decide on a safe dining choice that fits your unique allergen needs. - Thank you.
